Dear Parishioners

May the blessing, grace, and peace of our Lord be with you;

I have received the new project of the Board of Directors for the new site under the name of SuryoyoMatch.com, and the idea behind. I myself support the efforts of our community members who have taken it upon themselves to design and develop the first web-based site, SuryoyoMatch.com. It is intended for our single youth members who are of our Syriac Orthodox Churches throughout the United States and Internationally, who seek to find marriage with another and who share the same beliefs and culture.

I encourage our churches and businesses to aid in the financing that is necessary for the creation and continued support necessary to maintain a website designed exclusively for our church members.

SuryoyoMatch.com will facilitate our single youth in communicating with each other locally, nationally and internationally in hopes of finding marriage within the faith. This website fulfills a need in our community of ensuring our youth to seek marriage and to establish their families within the faith. Because of the importance of this task, all local businesses and churches are encouraged to contribute toward the development and the continued successes of SuryoyoMatch.com.

To our single youth on this Valentine's Day, I ask that you join SuryoyoMatch.com to find marriage and establish a family to continue to support and strengthen our Syriac Orthodox Community. This site will enable you to meet other youth members in our local churches as well as churches throughout the country and soon, throughout the Syriac community world-wide.

With blessing.

Prayerfully yours
